Scholarships

Scholarships are available at the Isles Internationale Université which may provide coverage for up to 75% of tuition full-term fees.

Financial support to students admitted into a PhD or DBA Studies Programme at the Department of Business Management and Economics, is provided by the **David Ricardo Scholarships Fund**. This fund will take care of payment of 73% of total full-term tuition fees, once student's admission becomes approved. In order to access this potential benefit applicant must include a formal Letter of Request in student's application package, addressed to: the Isles Internationale Université (European Union), Admissions Department, providing full proof of financial capacity or additional sponsorship support to cover the remaining 27% of full-term tuition fees cost.

Criteria applied to be granted access to scholarship – Head of Department of Business Management and Economics must back applicant's Letter of Request, based upon applicant's development potential evaluation and research proposal's potential on aiming relevant contributions to business management and economics knowledge or development.

Once scholarship's support has been granted to student, it will take care of coverage for 73% of yearly tuition fees payment and student will take care of the remaining 27% of each yearly tuition fee payment.

Scholarship's support does not apply on application processing fees, registration processing fees, thesis publishing and defence fees or accommodation and catering fees.

This fee schedule and Letter of Request must be enclosed to Application Form and student's information package.
